

## **BORGINI JERSEY S.R.L.**

Borgini Jersey offers a wide range of colorful, rich and detailed designs to emphasize the “made in Italy”, with the awareness that the culture of tradition is powerfully coming back in a historical period when superfluous and approximate are no longer necessary.

Floral designs, placements and allovers, are rich of smooth shades and 3D effects as per our tradition and they play a prevalent role in the 2022 collection. Cover ups, sarongs and beachwear are offered to enrich our style proposals and to dress a classical lady who wants to be elegant and sensual.

Animal prints, geometrical, ornamental and stripe patterns complete our collection, all of them developed with sophisticated colors in new warm and smooth colors.

Our general color card is widened and will include 7 new shades.

Crashed and metallic effects, interlock and microfiber fabrics produced in high gauge and characterized by a pleasant modeling softness to enhance the final garments
