CLERICI TESSUTO & C. S.P.A. - div. Beach&Body

www.clericitessuto.it

COMPANY (ITALY)

Clerici Tessuto, founded in 1922, is one of the most important textiles manufacturers in the world for the luxury sector, with ranges for men's and women's clothing, beachwear, accessories and home furnishing. The company – more than 300 employees – manufactures, finishes, transforms and sells more than 4mil. mt. of fabric per year, for 2.500 customers in 70 countries.

PRODUCTS

Yarn-dyed, piece-dyed, jacquard and printed fabrics; ready-made accessories. Customized fabrics, designs and colorways.

PRODUCTION

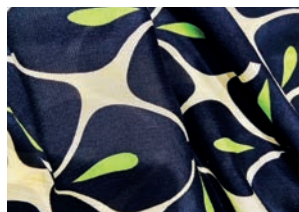

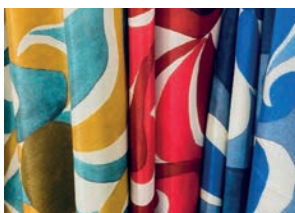

Sampling MOQ 1mt,
lead time 1 week;
Production MOQ 35mt,
lead time 4 weeks.

COLLECTION

Clerici Tessuto Beach and Body Summer 2024 means free, harmonious and refined creativity declined on printed fabrics, extremely functional and sustainable thanks to recycled and GRS-certified polyester and polyamide microfibers, GOTS-certified organic cotton voile and gauze jacquard and organic silk satin, FSC-certified viscose crêpe de chine and EUROPEAN FLAX-certified linen canvas. Multiple creative themes rang from ethnic patterns to striking geometries, with colors evoking the natural world with contrasting bright touches. Natural, romantic-inspired tones and pastel palettes are paired with textural lancés in vivid colors tending toward fluorescent. And seductive hues, from burgundies to browns to purples, are combined with patterns reminiscent of wallcoverings, hand-painted landscapes and tropical patterns.

www.eurostick.it

COMPANY (ITALY)

Eurostick, based in northern Italy since 1971, is specialized in the production of fabrics for the swimwear and the underwear industry. Its own dyeing house makes the company independent and dynamic. A responsible company, very careful with the environmental issues, Eurostick offers many recycled articles for Swimwear and Beachwear.

PRODUCTS

Knitted fabrics in Polyester, Polyamide, Cotton, Cotton/Modal and Viscose, with and without elasticity. Moreover, we offer a large collection of fabrics with transfer prints and embossing designs, foil lamination and finally hot melt lamination for various combinations of prints and fabrics.

COLLECTION

Our Spring/Summer 2024 Swimwear collection will follow three main trend areas:

Dark Romance, that will be developed with new print designs and embossing ideas;

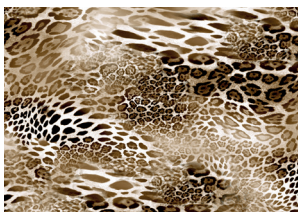

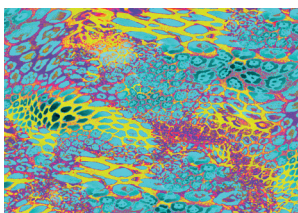

Shine, that will see an evolution of our foil from silver colour to gold colour to iridescent colour

Virtual Sea, that will be driven by new sea referred designs on our recycled fabrics with the GRS (Global Recycle Standard) certification

Our style office, together with our R&D office, is always open to develop new designs and ideas following our customers' requests

www.iluna.com

COMPANY (ITALY)

Iluna Group founded in 1970 it's an Italian company specialized in the totally vertically integrated production of elastic lace. Iluna presents an exceptional range of natural colors made from flowers and plants and a color chart with 16 shades, which is continuously expanding. All dyes are GOTS certified and meet the requirements of Oeko-Tex® Standard 100.

PRODUCTS

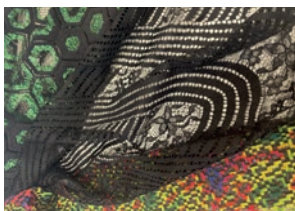

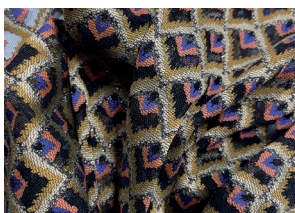

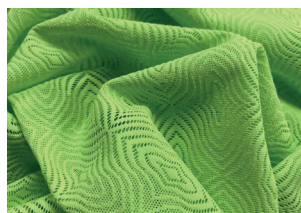

Tulle, rigid and elastic lace for outerwear, underwear, corsetry and beachwear, hosiery and seamless garments with Karl Mayer technology. Infinite possibilities of product customization through CAD simulations and subsequent prototypes with rapid processing in the dyeing laboratory. Labdip and color cuts on request with fast deliveries.

COLLECTION

The key word of the new collection is "experimentation": the search for new solutions that can offer consumers style, sustainability and well-being translates into innovative blends, natural dyes and smart prints. GOTS-certified organic cotton inside its gallons and allover, to add a natural touch to its Green Label line. Among the smart ingredients are Renycle® and Q-Nova, both GRS-certified pre-consumer recycled polyamide yarns, in addition to premium recycled stretch ROICATM EF by Asahi Kasei. The result is a comfortable and ultralight product that remains true to a high value of creativity and responsibility. In terms of aesthetic innovation, explorations continue with a yarn blend of FSC-certified viscose and polyamide, resulting in striking new Textronic designs. The 3D effect embossed designs create a cloud effect that, combined with Lurex, shows unexpected glows.

INNOTEX MERKEL & RAU GMBH

www.innotex.de

COMPANY (GERMANY)

Our printing house was founded in 1815. The production capacity with rotary and digital machines is 7 million meters p.a. (beachwear/activewear/nightwear/underwear/fashion/shirting/countrystyle). We export to over 30 countries. 8 inhouse designer create collections with approximately 600 new designs p.a. and help with design customization.

PRODUCTS

Prints for swimwear / activewear / nightwear / fashion. InnoTex prints on knitting and weaving material. InnoTex is specialized on fashionable combinations, Polyamid swimwear with beach dresses and viscose/elastane jerseys.

PRODUCTION

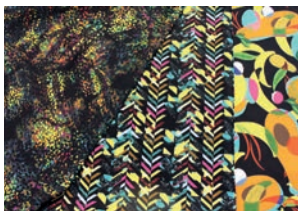

No minimum.
Small and large quantities possible.

COLLECTION

The InnoTex Beachwear collection 2024 is multifaceted. In addition to classic Tie Dye motifs, soft watercolour gradients, picturesque impressions and contrasting graphic elements, the manifold interpretations of flora and fauna dominate. Our colour palette ranges from warm red, earth and green tones to classic beach colours and expressive colour explosions. The multi-layered Innotex product range of high-quality jersey, viscose, cotton and silk qualities enables a variety of combinations of beach dress, pareo or tunic with any variation of swimwear. As part of the sustainability of textiles, we also offer our customers various qualities of recycled materials.

MAGLIFICIO RIPA S.r.l.

www.maglificioripa.it

COMPANY (ITALY)

Founded in 1952 the company has always specialized in quality. Maglificio Ripa has its own design department. Production is geared towards defined sectors: swimwear, lingerie and underwear, sportswear and outerwear: solid fabrics, dyed yarn, jacquard, prints. Fabrics distributed in all major markets Europe, USA, Asia.

PRODUCTS

Beautiful solids in 44 gauge single jerseys in nylon-spandex, unique fancy jacquards, ribs and ottomans. Gorgeous gold, bronze and silver Lurex liven things up. Multi-color panel stripes and allover stripes on smooth or fancy grounds. Eco-friendly products for prints and fancy solids.

COLLECTION

The Splash collection S/S 24 is based on two major themes. A shouty, bold, vitaminic and colourful part as the response to the last few years: multi-coloured lurex, cutting through the fabric for a graphic vigour injection. Printed fabrics and 3D jacquard ennobled by innovative processing. And a cocoon spirit, enveloping and soft, that borrows colours from interior design for an intimate and cosy look, minimalist yet rich in content. Shades highlighted by the tones of sand and the Scandinavian houses, fabrics that well fit underwear or loungewear as well as beachwear, technical and sophisticated with light and silky touches. With a great attention to sustainability, from recycled yarns and elastomers to fibres from used clothing, for a circular textile economy.
